

Addendum 3. Digital Farm Grants Program - Round 3

SUBJECT: Variation to assessable criteria minimum financial and commercial viability

The Digital Farm Grants Program - Round 3 (the Program) announcement specifies the assessable criteria being the minimum financial and commercial viability (Page 10 of Program Guidelines, Item 3.2.1, Section A.4.1: '*Proposals must detail the commercial viability and profitability of the proposed Network. Proponents must include the following financial sustainability forms as part of the application:*

- *Cash Flow Statement – five-year cash flow trading history of the controlling entity and organisation;*
- *Capital and Project Expenditure; and*
- *Plans and Uptakes for the Proposed Network.'*)

The Department of Primary Industries and Regional Development (DPIRD) has reviewed and amended the assessable criteria being the minimum financial and commercial viability for the Program.

Proposals must detail the commercial viability and profitability of the proposed Network. Proponents must include the following financial sustainability forms as part of the application:

- 1. Cash Flow Statement – five-year cash flow;***
- 2. Capital and Project Expenditure; and***
- 3. Plans and Uptakes for the Proposed Network.***
