- f) a surveillance inspection, being an inspection undertaken to determine the status of a place or thing regulated by or under the Act which is not an inspection to monitor compliance with import requirements, or compliance with a direction or authority given under the BAM Act; and
- g) inspections funded by an Industry Funding Scheme established under regulations made under section 141 of the BAM Act.

Private practitioners and consultants will be required to pay for services requested unless one of the above exemptions applies.
