# How to report a pest using the MyPestGuide® (MPG) Reporter app

## 1. Open the app on your mobile device

Select the **MPG®** **Reporter** icon

The splash screen will appear

2. Create a report

Create a report by selecting the '**+**' symbol or the '**menu**' button on your screen

My reports

Create report

Download reports

Refresh reports

Scale in:
Sunday, D

3. Take a photo

Once '**Create report**' is selected the '**Report**' screen will open

Press the camera icon to start

Take Photo

Attach Photo

Cancel

You can now take or attach up to four photos

4. Location for Google maps viewing

Press camera icon to start.

📍 -31.988780, 115.884466, 22.6m

Make sure your **location** is turned on, so your report is visible on Google maps

5. Enter details about your observation

Send report to **MyPestGuide**

Where
My garden on mango tree

I found
Fly on mango fruit

○ I am reporting a Trap/Location ID

✓ I am sending a sample

1807180TN

Please write the above Sample ID (date/letters) on container, package securely to minimise the biosecurity risk and send to the address on the next page.

I agree to share my report
If you agree to share your report, non-personal details, photo and map will be searchable on the MyPestGuide website thereby enhancing community engagement.

Continue

Select '**MyPestGuide**' from the picklist

Complete observation details

If you collect a sample please tick '**I am sending a sample**'. Select the '**refresh**' symbol to generate a **sample ID** and write this on your container.

Tick '**I agree to share my report**'

Click '**Continue**'

6. Confirm your contact details

Login   Close

State   Western Australia

Email   yourname@youremail.com

Phone number   0404 123 456

Sample ID: 1807180TN

Department of Primary Industries and Regional Development. Attn: Pest and Disease Information Service, 3 Baron-Hay Court, South Perth, WA 6151 Phone: (08) 9368-3080, Email: padis@dpird.wa.gov.au

Send

Select your state location

Enter your email address and mobile number

If you created a sample ID, it will display here, along with DPIRD's mailing details for sending your sample.

Click '**Send**'!

Any reports you make using the app will be stored within the app for reference, along with our response.

For more information visit **mypestguide.agric.wa.gov.au**

Shoot it, report it and share it with your friends & family on social media!

Take photos and share them to the MyPestGuide® Reporter app from your device's photo gallery to make a report!

1. Take a photo with your mobile device

Open the camera on your mobile device and take a photo.

Open your photo gallery and select the image you have just taken.
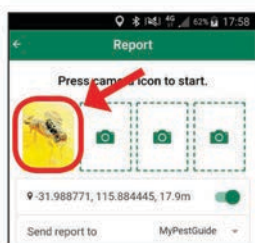

2. Share to MyPestGuide® Reporter to make a new report
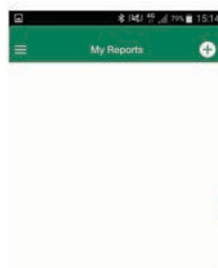

Select the '**Share**' icon

Select the '**MyPestGuide Reporter**' icon

The '**MyPestGuide Reporter**' app will automatically open and your selected photo will appear in a new report

3. Choose a MyPestGuide® report share it with your friends & family!

Select the '**Share**' icon and choose from your sharing app options

Anna Smith
Stuttgart, Germany

1 like
Anna Smith #beetle #coleoptera #nature #insects #insectagram #insect_guru 🐞 It is a Black-Headed Cardinal beetle, Pyrochroa coccinea, (Coleoptera: Pyrochroidae). It is a Western Palaearctic species widely distributed over Europe
