

2020 Investor Readiness Program Virtual Masterclasses

Is your business equipped to secure investment?

Receive free expert investor readiness advice for your business online with this series of webinars

The Department of Primary Industries and Regional Development in collaboration with BDO Australia is hosting a free Masterclass webinar event series for business owners, leaders and entrepreneurs looking to maximise the value of your business.

The Investor Readiness Masterclass Series will guide businesses through key elements of becoming investor ready, along with key considerations for executing the capital raising process successfully.

The masterclasses are suitable for business owners, leaders and entrepreneurs who are:

- looking to maximise the value of their business
- considering their succession plan and developing a business plan; and
- seeking to secure external investment to continue the growth of the business.

Join us to discover the core elements of what makes a business investor ready. You will receive a good understanding of strategic planning and how you can apply it to your business. A handbook and follow up support will be provided.
