

Master of Vessel - Notice of Intent (NOI) to Import

Important: Under the *Biosecurity and Agriculture Management Act 2007* goods imported into Western Australia are subject to quarantine restrictions. Failure to comply with restrictions may be an offence, for which penalties apply.

Persons importing organisms or prescribed potential carriers must take these to the nearest inspection point and present them for inspection. In lieu of presentation, the master of a vessel may give no less than 1 working day's notice of intent to import in an approved manner so that they may receive appropriate directions regarding quarantine restrictions.

The approved manner of notification for imports by vessel (other than freight detailed on a manifest provided to Quarantine WA) is to provide details of the proposed import by fax to +61 (0)8 9334 1818 or email to

qwa_freight@dpird.wa.gov.au
