Intergrain

Hydra, Impress CL Plus,

Supreme and Zen

AGT

Scepter, Cutlass and

Bremer

Scepter can give Mace a nudge on its stronghold as dominant variety

- large grain size and yield so need to manage for protein

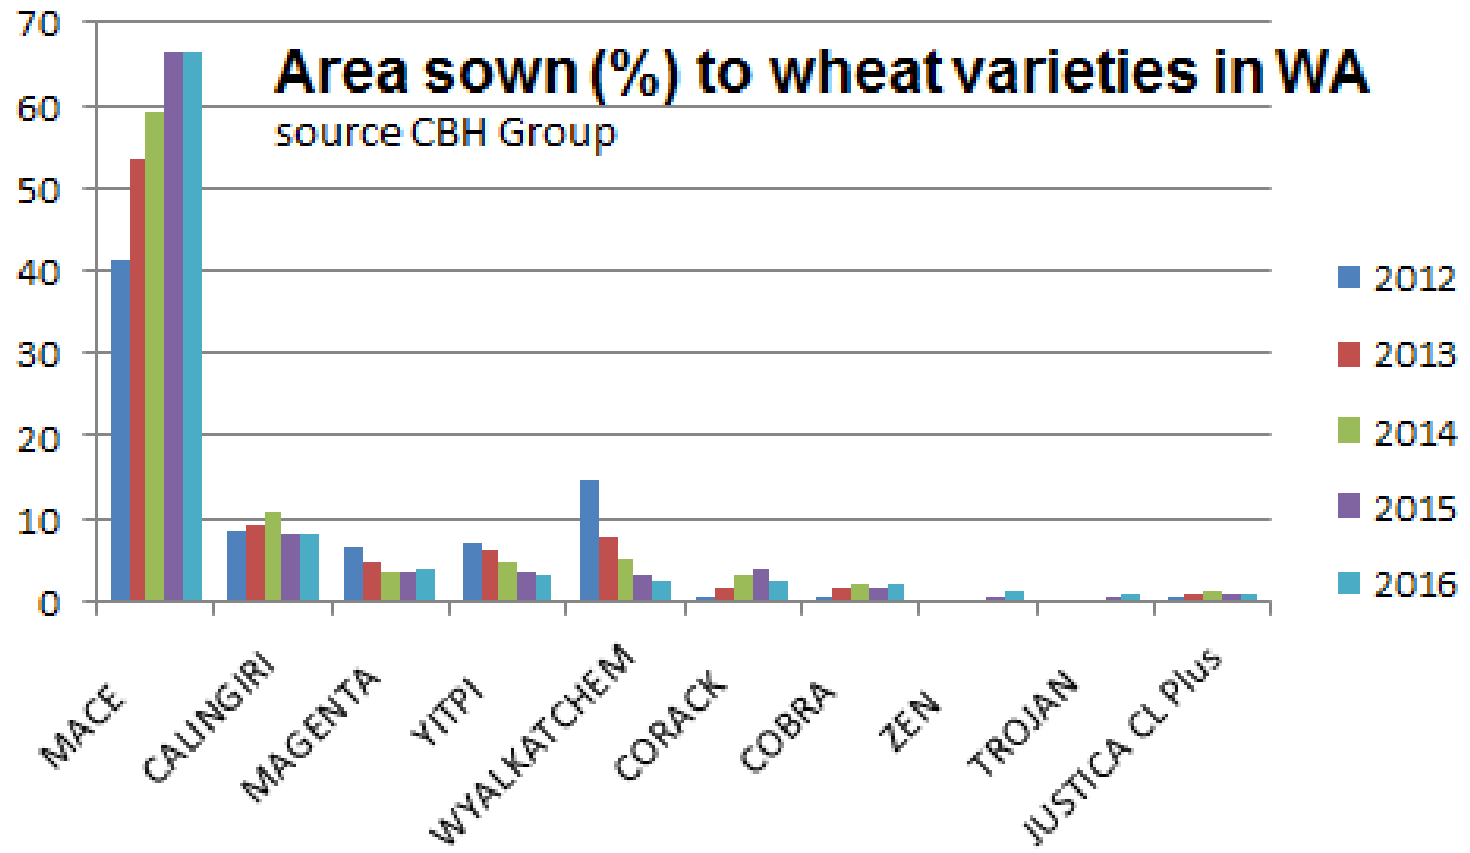

Department of
Agriculture and Food

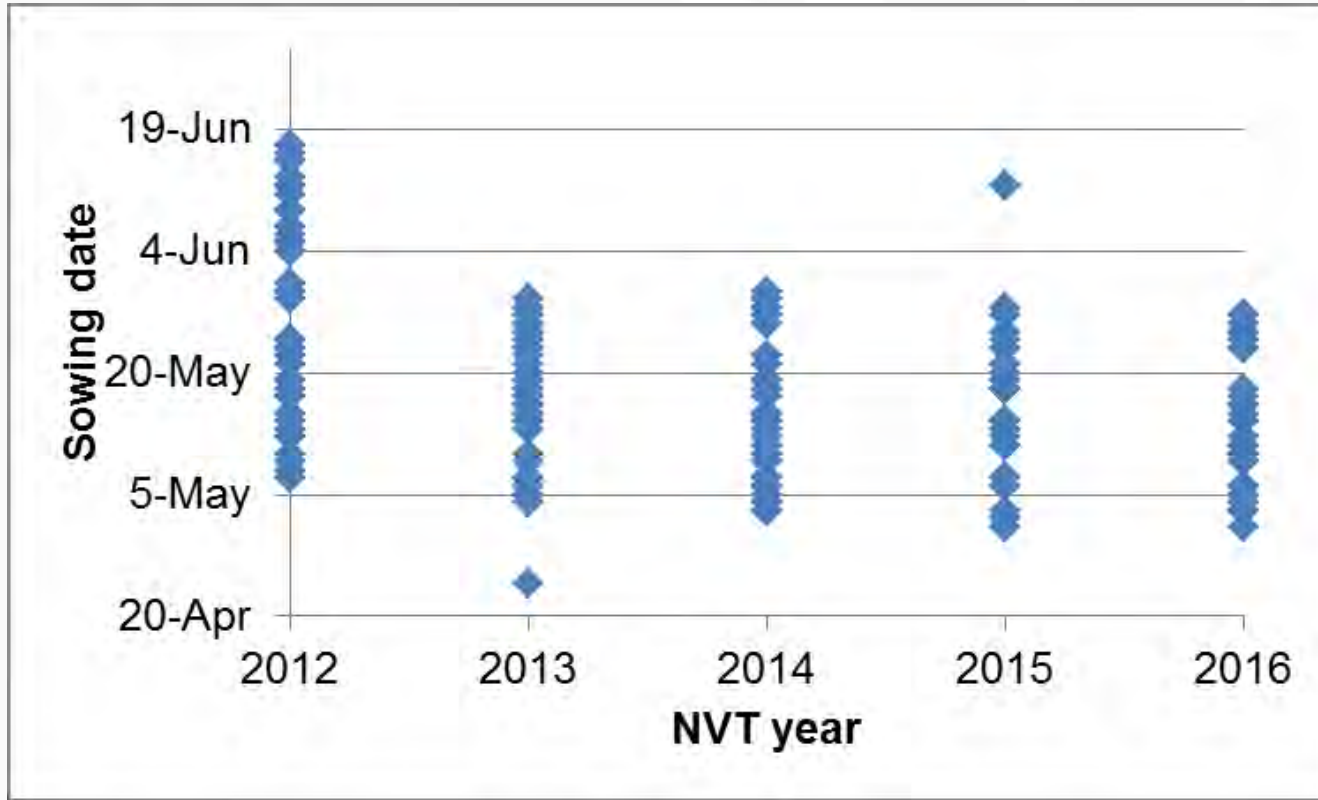

Clearfield Plus wheat options have gotten better

Ninja noodle – showing promise

Quality:
difference between varieties ?

Scepter has a large grain size

NVT wheat trials in WA (2012-2016)

NVT wheat trials in WA (2012-2016)

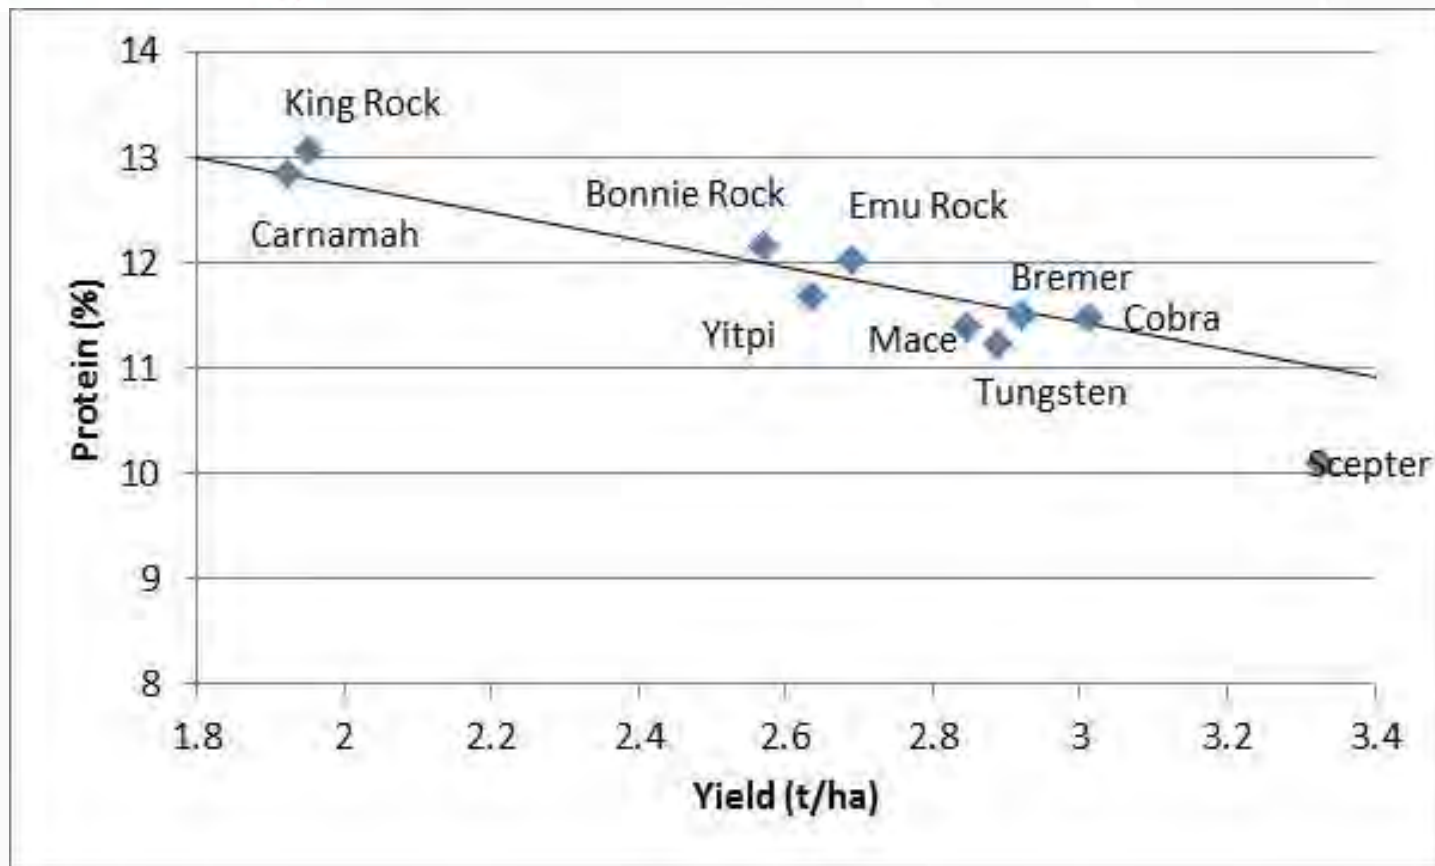

**Quality:
difference between varieties?**

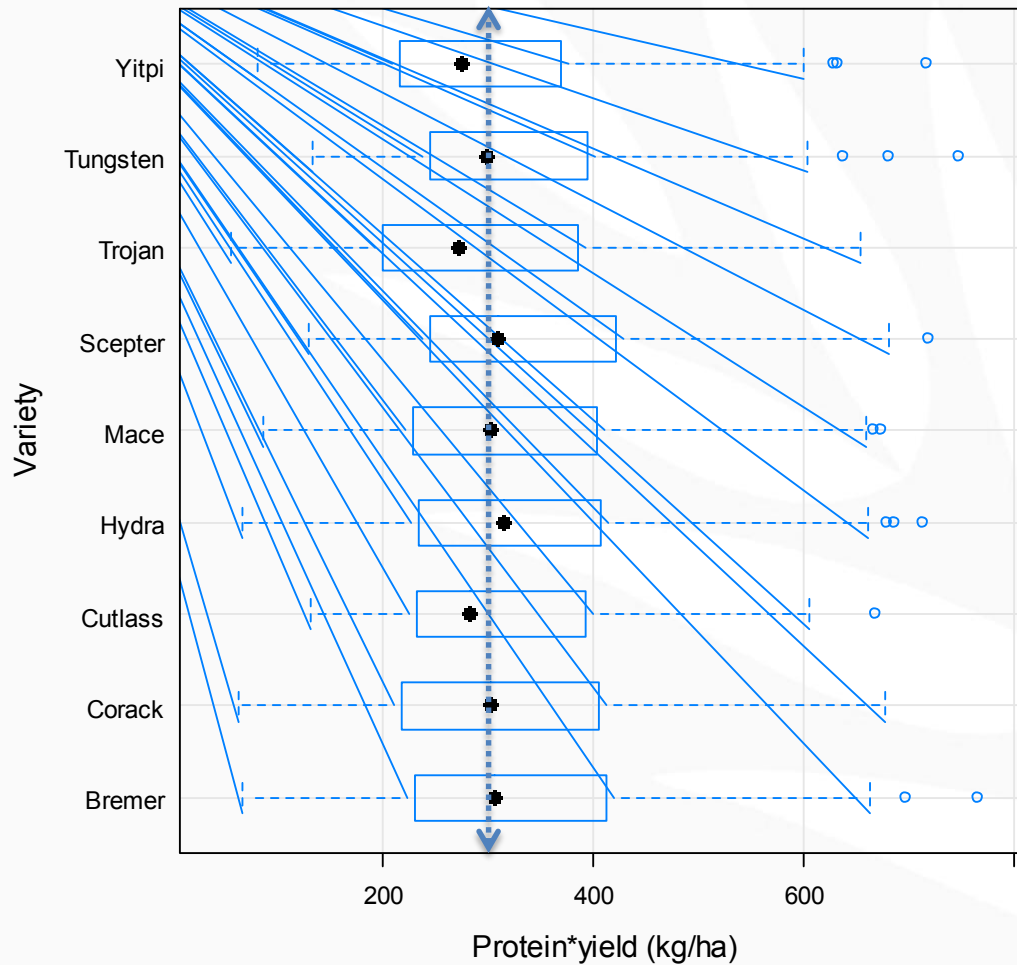

**Measure your grain size to adjust seeding
rates if you are targeting a plant density**

NVT's 2012-16

NVT's 2012-16

**Scepter can give Mace a nudge on its stronghold as dominant variety
- large grain size and yield so need to manage for protein**

Ninja noodle and the Chief imi are showing promise
