

## Notice of Intent (NOI) to import – master of vessel

Important: Under the *Biosecurity and Agriculture Management Act 2007* goods imported into Western Australia are subject to quarantine restrictions.

Persons importing organisms or prescribed potential carriers must take these to the nearest inspection point and present them for inspection. In lieu of presentation, the master of a vessel may give no less than 1 working day's notice of intent to import in an approved manner so that they may receive appropriate directions regarding quarantine restrictions.

Failure to comply with the above requirements may be an offence and penalties may apply.
