BIOSECURITY AND AGRICULTURE MANAGEMENT REGULATIONS 2013

QUARANTINE AREA NOTICE- BACTROCERA (BACTROCERA) TRYONI (QUEENSLAND FRUIT FLY)
Bayswater Outbreak

1. Under regulation 60 of the *Biosecurity and Agriculture Management Regulations 2013* (Regulations) the area described below is declared to constitute a quarantine area until 11:59pm on 23 February 2024.

The area within a 15 kilometre radius of the intersection of Frinton Street and Roberts Street, Bayswater, WA 6053.

Note: A map of the quarantine area will be published on the website of the Department of Primary Industries and Regional Development.

- 2. This quarantine area is declared because there are reasonable grounds to suspect the declared pest *Bactrocera* (*Bactrocera*) tryoni (Froggatt, 1897) (Queensland fruit fly or Qfly) may be present in the area.
- In this notice—
 - "Department" means the Department of Primary Industries and Regional Development;
 - "fruit" means the fruit of any host or suspect host of Queensland fruit fly listed in the table in Schedule 1;
 - "inspector" means an inspector appointed under section 162 of the Biosecurity and Agriculture Management Act 2007.
- 4. Persons, other than persons employed by or on behalf of the Department, must not move fruit grown in the quarantine area from the quarantine area to outside of the quarantine area but within Western Australia, for a commercial purpose, except in accordance with
 - i. this notice: or
 - ii. an approval under regulation 67 of the Regulations; or
 - iii. a general exemption having effect under regulation 71 of the Regulations.
- 5. Fruit grown in the quarantine area is moved for a commercial purpose from the quarantine area to outside of the quarantine area but within Western Australia in accordance with this notice if
 - a. the fruit is moved for processing to a processing facility; or
 - b. the fruit has been treated by processing, cooking or freezing for a minimum of 24 hours; or
 - c. the fruit is treated in accordance with measures approved by the Department's Chief Plant Biosecurity Officer and securely transported; or
 - d. the fruit is securely transported for treatment outside of the quarantine area; or
 - e. the fruit is moved as authorised or directed by an inspector.

Note: Information about measures approved by the Chief Plant Biosecurity Officer for the purposes of clause 5 will be published on the Department's website.

- 6. Fruit is moved from the quarantine area to areas outside Western Australia in accordance with this notice, if moved in accordance with the import requirements of the destination country or Australian State or Territory.
- 7. Each person, who is the owner or occupier of land in the quarantine area, is taken to have been given a quarantine notice that applies to that land in the terms of this quarantine area notice.
- 8. Failure to comply with this quarantine area notice could result in a fine, the Director General taking remedial action under regulation 133 of the Regulations, or both.
